1. You will need 2 squares to fold this model. Start with the colored side up.

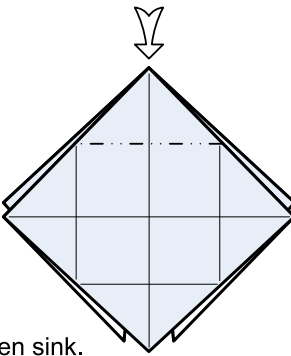

2. Make Blintz creases, and turn the paper over.

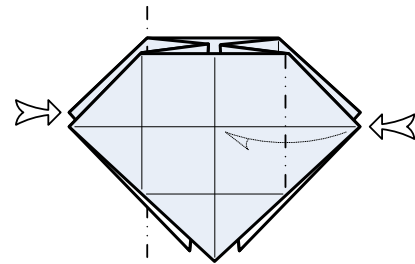

3. Repeat this step to the other three corners.

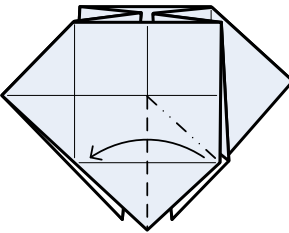

4. Fold the preliminary base.

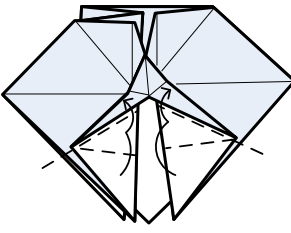

5. Open sink.

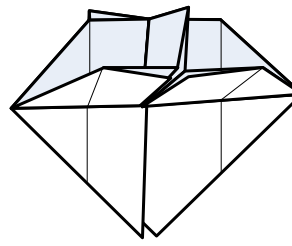

6. Reverse fold only the front right and the rear left.

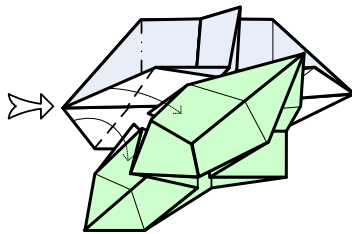

7. Pull the short flap to the center and open it a bit.

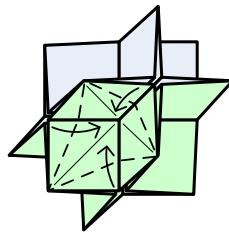

8. Fold each flap on the pre-crease and fold it up.

9. Repeat steps 7 & 8 to the other side.

10. Put two units together and reverse fold the 4 corners to hold the white tips.

11. Repeat all around.

12.

**Omega star**
