**1.**
Use a billfold format obtained
as a rest from cutting a
square of an A4. You will get
approximately a 10:4
rectangle. Size of a dollar bill.
Precrease vertically in half.

**2.**
Bisect the two upper angles.

**3.**
Make vertical pleats.

**4.**
Precrease the triangles on the top
of the white pleat. Fold the white
triangles at the bottom backwards.

**4.a**
Enlarged view.

5.
Petal fold on the precreased lines.

6.
Tuck the lower point of the petal fold inside the model.

7.
Precrease the flaps and open them flat.

8.
Fold the flaps apart.

9.
Copy the red triangle by wrapping the big triangle around the right wing.

10.
Precrease the triangle in half
to the crease.

11.
Precrease the wing so that the
new crease runs from the obtuse
angle perpendicularly  to the raw
edge, half way between the
points A and B. Open to step 9.

12.
Precrease by bisecting the small
square, vertically and horizontally.

13.
Collapse on the marked
mountain and valley folds.
Some of the folds will wrap
around one another inside the
model.

14.
Tuck the triangle inside the
model. Repeat the steps 8-13 on
the other wing. Turn around.

15.
Precrease small top triangles.

16.
Make the locks by sinking
the front tips.

17.
Tuck the back tips into
pockets.

Finished heart.
